Great Lakes Community Action Partnership Meals on Wheels gives homebound seniors home-delivered nutritious meals each weekday. Meals are available to:

Seniors ages 60 and older who are considered homebound, and have no adult living in their residence who is able or willing to prepare meals.

Those with disabilities who live with eligible clients and are not able to attend meals at county senior nutrition sites in Fremont, Clyde or Gibsonburg.

Spouses of eligible Meals on Wheels clients.

Residents of Sandusky County.

Helping Communities Thrive, One Neighbor at a Time

This institution is an equal opportunity provider.
Meals on Wheels is here to help

For health
Meals on Wheels gives Sandusky County homebound seniors nutritious, hot lunches delivered every weekday to their homes by friendly and dependable drivers. Each meal we provide meets one-third of the USDA recommended daily allowance of nutrition for senior citizens.

For safety
Not only do Meals on Wheels drivers provide meals, they also provide safety. By checking in each weekday, drivers ensure that clients are safe and healthy while in their homes. If a client does not come to the door as expected, a driver can conduct a wellness check and notify the family if assistance is needed. In emergency situations where time is essential, drivers can help clients access vital medical care more quickly than if Meals on Wheels had not been present.

For comfort
Although our service directly helps homebound seniors, families and friends also benefit from Meals on Wheels. Seniors require care. Families have work and other obligations that often prevent them from being with senior loved ones regularly throughout the day. We give families the comfort in knowing that their loved ones’ nutrition, health and safety needs are provided for each and every weekday.

For options
Along with Meals on Wheels, we support Sandusky County senior centers located in Fremont, Gibsonburg and Clyde. All centers offer weekday meals and activities for seniors. Call 1-800-775-9767 for details.
