Great Lakes
COMMUNITY ACTION
PARTNERSHIP

Learning begins with MSHS

Start your child's education with GLCAP

MSHS is a family-oriented program.
We ensure access to high quality, culturally appropriate early childhood education opportunities for the children and families of migrant and seasonal agriculture workers.

Children learn best through play.
We support learning through encouraging creative expression and guided activities that promote language, literacy, math, science, and socialization.

All children have the right to education.
Our staff welcome and accommodate children of all abilities in our programs.
