GLCAP's People Helping People Fund allows us to go above and beyond for those we serve.

A donation to the Great Lakes Community Action Partnership (GLCAP) People Helping People Fund is a gift that assists the people in our community who need the most support.

For 32 years, the fund has helped individuals and families in our programs with a wide range of needs. In the past, People Helping People has provided help for housing expenses, emergency childcare supplies, small medical expenses, and other needs that go beyond the support GLCAP is able to provide through our regular program grant funds.

These may be modest expenses, but the help offered through the People Helping People Fund makes a big difference in the lives of the people we serve.

All People Helping People donations stay within the communities GLCAP serves, and no funds are used for administrative expenses.

Making a donation to the People Helping People Fund helps GLCAP go above and beyond to support those whom we serve now and into the future.
